

ENROPE's Intensive Study Programme

consists of

- Intensive Study Weeks in Berlin, Paris & Barcelona
- Online Study Phases

Target audience

- early career researchers (MA, doctoral, postdoctoral) working in the field of pluri-/multilingualism and education
- from higher education and research institutions worldwide

offers opportunities

- for expert and peer discussions of theoretical and methodological issues regarding research into pluri-/multilingualism and education
- to advance individual research projects
- to develop professional competencies through innovative (digital) tools
- for personal growth through networking and guided reflection of professional identities

ENROPE is a project initiated by Langscape and co-funded by the Erasmus+ Programme (Project number: 2018-1-DE01-KA203-004253)

Co-funded by the
Erasmus+ Programme
of the European Union

About ENROPE

ENROPE is an international, cooperative project providing **junior researchers in the field of language education and plurilingualism** with unique qualification and networking opportunities.

As part of its aim to foster plurilingual mind-sets and practices, ENROPE offers an **Intensive Study Programme** with rich opportunities for transborder collaboration and professional development.

The ENROPE community is linked through an **Online Platform** which offers various tools and spaces for field-specific debate and for exchange between researchers from a high diversity of linguistic and sociocultural contexts and backgrounds.

In particular, ENROPE provides an **E-Portfolio** with a range of tasks for meaningful and interactive professional self-reflection.

The **ENROPE Qualification Handbook** allows for wide adaption and dissemination of the project's key concepts, products and training activities.
